PART I  GENERAL PRINCIPLES

1 Guidelines
   Betty Bates Tempkin
   How To Use This Text, 3
   Professional Standards, 4
   Clinical Standards, 6
   Ergonomics and Proper Use of Ultrasound Equipment, 8
   Imaging Criteria, 8
   Image Documentation Criteria, 9
   Case Presentation, 10
   Describing Sonographic Findings, 10
   Review Questions, 11

2 Scanning Planes and Scanning Methods
   Betty Bates Tempkin
   Scanning Planes Defined, 15
   Scanning Planes Interpreted, 16
      Sagittal Scanning Plane, 16
      Transverse Scanning Plane, 18
      Coronal Scanning Plane, 20
   Scanning Methods, 21
      Transducers, 21
      How to Use the Transducer, 22
      How to Take Accurate Images and Measurements, 23
      Surface Landmarks, 26
   Review Questions, 27

PART II  PATHOLOGY

3 Scanning Protocol for Abnormal Findings/Pathology
   Betty Bates Tempkin
   Criteria for Evaluating Abnormal Findings/Pathology, 31
   Criteria for Documenting Abnormal Findings/Pathology, 33
   Criteria for Describing the Sonographic Appearance of Abnormal
      Findings/Pathology, 36
   Required Images for Abnormal Findings/Pathology, 42
   Review Questions, 43

PART III  ABDOMINAL SCANNING PROTOCOLS

4 Abdominal Aorta Scanning Protocol
   Betty Bates Tempkin
   Overview, 51
      Location, 51
      Anatomy, 52
      Physiology, 52
      Sonographic Appearance, 52
      Normal Variants, 54
Preparation, 54
Patient Prep, 54
Transducer, 54
Breathing Technique, 54
Patient Position, 54
Abdominal Aorta Survey Steps, 55
Abdominal Aorta • Longitudinal Survey, 55
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 55
Abdominal Aorta • Axial Survey, 58
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 58
Abdominal Aorta Required Images, 59
Abdominal Aorta • Longitudinal Images, 59
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 59
Abdominal Aorta • Axial Images, 62
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 62
Required Images When the Abdominal Aorta is Part of Another Study, 66
Review Questions, 67

5 Inferior Vena Cava Scanning Protocol
Betty Bates Tempkin
Overview, 71
Location, 71
Anatomy, 72
Physiology, 72
Sonographic Appearance, 72
Normal Variants, 74
Preparation, 74
Patient Prep, 74
Transducer, 74
Breathing Technique, 74
Patient Position, 74
Inferior Vena Cava Survey Steps, 75
Inferior Vena Cava • Longitudinal Survey, 75
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 75
Inferior Vena Cava • Axial Survey, 79
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 79
Inferior Vena Cava Required Images, 80
Inferior Vena Cava • Longitudinal Images, 80
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 80
Inferior Vena Cava • Axial Images, 83
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 83
Required Images When the Inferior Vena Cava is Part of Another Study, 85
Review Questions, 86

6 Liver Scanning Protocol
Betty Bates Tempkin
Overview, 94
Location, 94
Anatomy, 94
LIVER LOBES, 95
LIVER SEGMENTS, 95
LIVER SURFACES, 96
LIVER LIGAMENTS, 97
LIVER FISSURES, 98
LIVER VESSELS AND DUCTS, 98
Physiology, 100
Sonographic Appearance, 101
Normal Variants, 103
Preparation, 103
Patient Prep, 103
Transducer, 103
Breathing Technique, 103
Patient Position, 103
Liver Survey Steps, 104
Liver • Longitudinal Survey, 104
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 104
Liver • Axial Survey, 107
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 107
Liver Required Images, 110
Liver • Longitudinal Images, 110
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 110
Liver • Axial Images, 113
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 113
Required Images When the Liver is Part of Another Study, 116
Review Questions, 116

7 Gallbladder and Biliary Tract Scanning Protocol
Betty Bates Temppkin
Overview, 121
Location, 121
Anatomy, 122
Physiology, 123
Sonographic Appearance, 124
Normal Variants, 126
GALLBLADDER, 126
BILIARY TRACT, 126
Preparation, 127
Patient Prep, 127
Transducer, 127
Breathing Technique, 127
Patient Position, 127
Gallbladder and Biliary Tract Survey Steps, 128
Gallbladder • Longitudinal Survey, 128
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH • FIRST PATIENT POSITION, 128
Gallbladder • Axial Survey, 130
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH • FIRST PATIENT POSITION, 130
Biliary Tract • Longitudinal Survey, 131
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH • FIRST PATIENT POSITION, 131
Biliary Tract • Axial Survey, 132
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH • FIRST PATIENT POSITION, 132
Gallbladder • Longitudinal Survey, 133
  SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH • SECOND PATIENT POSITION, 133
Gallbladder and Biliary Tract Required Images, 133
  Gallbladder • Longitudinal Images, 133
    SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH • FIRST PATIENT POSITION/SUPINE, 133
  Gallbladder • Axial Images, 135
    TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH • FIRST PATIENT POSITION/SUPINE, 135
Biliary Tract • Longitudinal Images, 137
  SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH • FIRST PATIENT POSITION, 137
Gallbladder • Longitudinal Image, 139
  SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH • SECOND PATIENT POSITION/LEFT LATERAL DECUBITUS, 139
Gallbladder • Axial Image, 139
  TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH • SECOND PATIENT POSITION/LEFT LATERAL DECUBITUS, 139
Required Images When the Gallbladder and Biliary Tract are Part of Another Study, 140
Gallbladder • Longitudinal Image, 140
  SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 140
Gallbladder • Axial Image, 140
  TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 140
Biliary Tract • Longitudinal Images, 141
  SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 141
Review Questions, 143

8 Pancreas Scanning Protocol
Betty Bates Tempkin
Overview, 147
  Location, 147
Anatomy, 148
  Physiology, 149
  Sonographic Appearance, 149
  Normal Variants, 155
Preparation, 155
  Patient Prep, 155
  Transducer, 156
  Breathing Technique, 156
  Patient Position, 156
Pancreas Survey Steps, 156
  Pancreas • Longitudinal Survey, 156
    TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 156
  Pancreas • Axial Survey, 160
    SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 160
Pancreas Required Images, 162
  Pancreas • Longitudinal Images, 162
    TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 162
  Pancreas • Axial Images, 164
    SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 164
9 Renal Scanning Protocol

Betty Bates Tempkin

Overview, 171
Location, 171
Anatomy, 172
Physiology, 173
Sonographic Appearance, 173
Normal Variants, 176

Preparation, 176
Patient Prep, 176
Transducer, 176
Breathing Technique, 176
Patient Position, 176
RIGHT KIDNEY, 176
LEFT KIDNEY, 177

Renal Survey Steps, 177
Right Kidney • Longitudinal Survey, 177
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 177
Right Kidney • Axial Survey, 179
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 179
Left Kidney • Longitudinal Survey, 181
CORONAL PLANE • LEFT LATERAL APPROACH, 181
Left Kidney • Axial Survey, 183
TRANSVERSE PLANE • LEFT LATERAL APPROACH, 183

Kidneys Required Images, 185
Right Kidney • Longitudinal Images, 185
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 185
Right Kidney • Axial Images, 189
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 189
Left Kidney • Longitudinal Images, 191
CORONAL PLANE • LEFT LATERAL APPROACH, 191
Left Kidney • Axial Images, 195
TRANSVERSE PLANE • LEFT LATERAL APPROACH, 195

Required Images When the Kidneys are Part of Another Study, 197
Right Kidney • Longitudinal Images, 197
SAGITTAL PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 197
Right Kidney • Axial Image, 197
TRANSVERSE PLANE • TRANSABDOMINAL ANTERIOR APPROACH, 197
Left Kidney • Longitudinal Image(s), 198
CORONAL PLANE • LEFT LATERAL APPROACH, 198
Left Kidney • Axial Image, 198
TRANSVERSE PLANE • LEFT LATERAL APPROACH, 198

Review Questions, 199
10 Spleen Scanning Protocol

Betty Bates Tempkin

Overview, 203
Location, 203
Anatomy, 204
Physiology, 205
Sonographic Appearance, 205
Normal Variants, 206
Preparation, 207
Patient Prep, 207
Transducer, 207
Breathing Technique, 207
Patient Position, 207
Spleen Survey Steps, 207
Spleen • Longitudinal Survey, 207
  CORONAL PLANE • LEFT LATERAL APPROACH, 207
Spleen • Axial Survey, 209
  TRANSVERSE PLANE • LEFT LATERAL APPROACH, 209
Spleen Required Images, 210
Spleen • Longitudinal Images, 210
  CORONAL PLANE • LEFT LATERAL APPROACH, 210
Spleen • Axial Images, 211
  TRANSVERSE PLANE • LEFT LATERAL APPROACH, 211
Required Images When the Spleen is Part of Another Study, 213
Review Questions, 213

PART IV PELVIC SCANNING PROTOCOLS

11 Female Pelvis Scanning Protocol

Betty Bates Tempkin

Overview, 220
Anatomy, 220
  TRUE PELVIS AND FALSE PELVIS, 220
  PELVIC REGIONS, 220
  VAGINA, 221
  UTERUS, 221
  UTERINE TUBES (FALLOPIAN TUBES OR OVIDUCTS), 223
  OVARIIES, 224
  URINARY BLADDER, 225
  URETERS, 225
  COLON, 225
  MUSCULATURE, 225
  LIGAMENTS, 226
  PELVIC SPACES, 227
Physiology, 227
  FEMALE REPRODUCTIVE SYSTEM, 227
Sonographic Appearance, 228
  VAGINA, UTERUS, UTERINE TUBES, OVARIIES, URINARY BLADDER,
  URETERS, SIGMOID COLON, RECTUM, PELVIC MUSCULATURE, BROAD
  LIGAMENTS, AND PELVIC PERITONEAL SPACES, 228
Normal Variants, 232
Preparation, 233
  Patient Prep., 233
  Transducer, 233
  Breathing Technique, 234
  Patient Position, 234
Female Pelvis Survey, 234
  Vagina, Uterus, and Pelvic Cavity Survey Steps, 234
    Vagina, Uterus, and Pelvic Cavity • Longitudinal Survey, 234
      SAGITTAL PLANE • ANTERIOR APPROACH, 234
    Vagina, Uterus, and Pelvic Cavity • Axial Survey, 236
      TRANSVERSE PLANE • ANTERIOR APPROACH, 236
Ovaries Survey Steps, 238
  Right Ovary • Longitudinal Survey, 238
    SAGITTAL PLANE • ANTERIOR APPROACH, 238
  Right Ovary • Axial Survey, 240
    TRANSVERSE PLANE • ANTERIOR APPROACH, 240
  Left Ovary • Longitudinal and Axial Surveys, 240
Female Pelvis Required Images, 240
  Vagina, Uterus, and Pelvic Cavity • Longitudinal Images, 241
    SAGITTAL PLANE • ANTERIOR APPROACH, 241
  Vagina, Uterus, and Pelvic Cavity • Axial Images, 244
    TRANSVERSE PLANE • ANTERIOR APPROACH, 244
  Right Ovary • Longitudinal Images, 247
    SAGITTAL PLANE • ANTERIOR APPROACH, 247
  Right Ovary • Axial Images, 248
    TRANSVERSE PLANE • ANTERIOR APPROACH, 248
  Left Ovary • Longitudinal Images, 249
    SAGITTAL PLANE • ANTERIOR APPROACH, 249
  Left Ovary • Axial Images, 250
    TRANSVERSE PLANE • ANTERIOR APPROACH, 250
Review Questions, 251

12 Transvaginal Scanning Protocol for the Female Pelvis

Betty Bates Tempkin

Overview, 255
Preparation, 256
  Patient Prep., 256
  Patient Position, 256
  Transducer, 256
  Image Orientation, 256
Transvaginal Female Pelvis Survey, 259
  Uterus and Adnexa • Longitudinal Survey, 259
    SAGITTAL PLANE • INFERIOR APPROACH, 259
  Uterus and Adnexa • Axial Survey, 260
    CORONAL PLANE • INFERIOR APPROACH, 260
  Right Ovary • Axial Survey, 260
    CORONAL PLANE • INFERIOR APPROACH, 260
  Right Ovary • Longitudinal Survey, 261
    SAGITTAL PLANE • INFERIOR APPROACH, 261
  Left Ovary • Axial Survey, 261
    CORONAL PLANE • INFERIOR APPROACH, 261
  Left Ovary • Longitudinal Survey, 262
    SAGITTAL PLANE • INFERIOR APPROACH, 262
Contents

Transvaginal Scanning Protocol for the Female Pelvis Required Images, 262
   Uterus and Adnexa • Transvaginal Longitudinal Images, 262
   SAGITTAL PLANE • INFERIOR APPROACH, 262
   Uterus and Adnexa • Transvaginal Axial Images, 265
   CORONAL PLANE • INFERIOR APPROACH, 265
   Right Ovary • Transvaginal Axial Images, 267
   CORONAL PLANE • INFERIOR APPROACH, 267
   Right Ovary • Transvaginal Longitudinal Images, 268
   SAGITTAL PLANE • INFERIOR APPROACH, 268
   Left Ovary • Transvaginal Axial Images, 269
   CORONAL PLANE • INFERIOR APPROACH, 269
   Left Ovary • Transvaginal Longitudinal Images, 270
   SAGITTAL PLANE • INFERIOR APPROACH, 270
Review Questions, 271

13 Obstetrical Scanning Protocol for First, Second, and Third Trimesters

Betty Bates Tempkin

Overview, 276
   Maternal Anatomy and Physiology, 276
First Trimester, 276
   Anatomy and Sonographic Appearance During Early First Trimester, 277
   GESTATIONAL SAC, 277
   Determining Gestational Age During the First Half of the First Trimester, 278
   MEAN SAC DIAMETER, 278
   Sonographic Appearance and Development During the First Half of the First Trimester, 278
   DOUBLE SAC SIGN, 278
   YOLK SAC, 279
   DOUBLE BLEB SIGN, 280
   Determining Gestational Age During the Second Half of the First Trimester, 280
   CROWN RUMP LENGTH, 280
   Sonographic Appearance and Development During the Second Half of the First Trimester, 281
   AMNIOTIC SAC, 281
   EMBRYONIC HEART, 281
   SKELETAL SYSTEM, 281
   UMBILICAL CORD, 281
   TENTH WEEK, 282
   END OF THE FIRST TRIMESTER, 282
Second and Third Trimesters, 282
   Sonographic Appearance and Development During the Second and Third Trimesters, 282
   PLACENTA, 283
   PLACENTAL GRADING, 283
   PLACENTAL PREVIA, 283
   UMBILICAL CORD, 285
   UMBILICAL CORD INSERTION, 286
   Sonographic Appearance of Fetal Anatomy, 286
   SKELETAL SYSTEM, 287
   CARDIOVASCULAR SYSTEM, 288
RESPIRATORY SYSTEM, 289
GASTROINTESTINAL SYSTEM, 289
GENITOURINARY SYSTEM, 291
INTRACRANIAL ANATOMY, 293
Determining GA During the Second and Third Trimesters, 295
BIPARIETAL DIAMETER MEASUREMENT, 296
HEAD CIRCUMFERENCE, 297
ABDOMINAL CIRCUMFERENCE, 297
LONG BONE MEASUREMENTS, 297
Preparation, 298
Patient Prep, 298
PATIENT PREP FOR TRANSABDOMINAL APPROACH, 298
PATIENT PREP FOR TRANSVAGINAL APPROACH, 298
Transducer, 298
TRANSDUCER FOR TRANSABDOMINAL APPROACH, 298
TRANSDUCER FOR TRANSVAGINAL APPROACH, 298
Patient Position, 299
PATIENT POSITION FOR TRANSABDOMINAL APPROACH, 299
PATIENT POSITION FOR TRANSVAGINAL APPROACH, 299
Obstetrics Survey, 299
Female Pelvis Survey, 299
Vagina • Uterus • Adnexa, 299
SAGITTAL PLANE • TRANSABDOMINAL APPROACH, 299
TRANSVERSE PLANE • TRANSABDOMINAL APPROACH, 301
First Trimester Survey, 303
Gestational Sac • Yolk Sac • Embryo, 303
SAGITTAL PLANE • TRANSABDOMINAL APPROACH, 303
TRANSVERSE PLANE • TRANSABDOMINAL APPROACH, 303
Second and Third Trimester Survey (The Fetus), 304
Determining Fetal Position/Presentation, 304
Thoracic Cavity • Abdominopelvic Cavity • Fetal Limbs • Fetal Spine • Fetal Cranium, 304
FETAL LONG AXIS • TRANSABDOMINAL APPROACH, 304
Required Images for Obstetrics, 306
Early First Trimester, 306
SAGITTAL PLANE • TRANSABDOMINAL APPROACH, 306
SCANNING PLANE DETERMINED BY POSITION OF ANATOMY •
TRANSABDOMINAL APPROACH, 307
Later First Trimester, 310
SAGITTAL PLANE • TRANSABDOMINAL APPROACH, 310
SCANNING PLANE DETERMINED BY POSITION OF ANATOMY •
TRANSABDOMINAL APPROACH, 311
Second and Third Trimester, 313
SAGITTAL PLANE • TRANSABDOMINAL APPROACH, 313
SCANNING PLANE DETERMINED BY POSITION OF ANATOMY •
TRANSABDOMINAL APPROACH, 314
SAGITTAL PLANE • TRANSABDOMINAL APPROACH, 314
SCANNING PLANE DETERMINED BY POSITION OF ANATOMY •
TRANSABDOMINAL APPROACH, 315
Multiple Gestations, 333
ADDITIONAL REQUIRED IMAGES, 333
The Biophysical Profile, 334
Required Images for a Biophysical Profile, 335
Review Questions, 338

14 Male Pelvis Scanning Protocol for the Prostate Gland, Scrotum, and Penis

Betty Bates Tempkin

Overview, 344
Anatomy, 344
  PROSTATE GLAND AND SEMINAL VESICLES, 344
  SCROTUM AND TESTICLES, 345
  PENIS, 347
Physiology, 347
Sonographic Appearance, 349
  PROSTATE GLAND AND SEMINAL VESICLES, 349
  SCROTUM AND TESTICLES, 349
  PENIS, 352
Preparation, 353
Patient Prep, 353
  PROSTATE GLAND, 353
  SCROTUM, 353
  PENIS, 354
Transducer, 355
  PROSTATE GLAND, 355
  SCROTUM, 355
  PENIS, 356
Patient Position, 356
  PROSTATE GLAND, 356
  SCROTUM, 356
  PENIS, 356
Prostate Gland Survey, 356
  Prostate • Axial Survey, 357
    TRANSVERSE PLANE • RECTAL APPROACH, 357
  Prostate • Longitudinal Survey, 357
    SAGITTAL PLANE • RECTAL APPROACH, 358
Prostate Gland Required Images, 358
  Prostate • Axial Images, 359
    TRANSVERSE PLANE • RECTAL APPROACH, 359
  Prostate • Longitudinal Images, 362
    SAGITTAL PLANE • RECTAL APPROACH, 362
Scrotum Survey, 363
  Scrotum • Longitudinal Survey, 363
    SAGITTAL PLANE • ANTERIOR APPROACH, 363
  Scrotum • Axial Survey, 366
    TRANSVERSE PLANE • ANTERIOR APPROACH, 366
Scrotum Required Images, 369
  Scrotum • Right Hemiscrotum • Longitudinal Images, 369
    SAGITTAL PLANE • ANTERIOR APPROACH, 369
  Scrotum • Right Hemiscrotum • Axial Images, 376
    TRANSVERSE PLANE • ANTERIOR APPROACH, 376
  Scrotum • Left Hemiscrotum • Longitudinal Images, 381
    SAGITTAL PLANE • ANTERIOR APPROACH, 381
  Scrotum • Left Hemiscrotum • Axial Images, 387
    TRANSVERSE PLANE • ANTERIOR APPROACH, 387
PART V SMALL PARTS SCANNING PROTOCOLS

15 Musculoskeletal Scanning Protocol for Rotator Cuff, Carpal Tunnel, and Achilles Tendon

Amy T. Dela Cruz

Rotator Cuff Scanning Protocol Overview, 401
Location, 401
Anatomy, 402
Physiology, 402
Sonographic Appearance, 403
Preparation, 403
Patient Prep, 403
Transducer, 403
Patient Position, 403
Breathing Technique, 403
Rotator Cuff Survey and Required Images, 403
Biceps Tendon, 403
Subscapularis, 405
Supraspinatus, 406
Infraspinatus, 407
Teres Minor, 408

Carpal Tunnel Scanning Protocol Overview, 409
Location, 409
Anatomy, 409
Physiology, 410
Sonographic Appearance, 410
Preparation, 411
Patient Prep, 411
Transducer, 411
Patient Position, 411
Breathing Technique, 411
Carpal Tunnel Survey, 411
Transverse Plane, 411
Sagittal Plane, 413
Carpal Tunnel Required Images, 413
Transverse Images, 413
Sagittal Images, 414
Achilles Tendon Scanning Protocol Overview, 415
Location, 415
Anatomy, 415
16 Thyroid and Parathyroid Glands Scanning Protocol
Wayne C. Leonhardt
Overview, 425
Location, 425
THYROID GLAND, 425
PARATHYROID GLANDS, 426
Anatomy, 426
THYROID GLAND, 426
PARATHYROID GLANDS, 426
Physiology, 427
THYROID GLAND, 427
PARATHYROID GLANDS, 427
Sonographic Appearance, 427
THYROID GLAND, 427
PARATHYROID GLANDS, 429
Color Flow Doppler Characteristics, 429
Normal Variants, 429
THYROID GLAND, 429
PARATHYROID GLANDS, 430
Preparation, 430
Patient Prep, 430
Transducer, 430
Breathing Technique, 430
Patient Position, 430
Thyroid Gland Survey Steps, 430
Lobes: Axial Survey Isthmus • Longitudinal Survey, 431
TRANSVERSE PLANE • ANTERIOR APPROACH, 431
Lobes: Longitudinal Survey, 433
SAGITTAL PLANE • ANTERIOR APPROACH, 433
Thyroid Gland Required Images, 435
Thyroid • Right Lobe • Axial Images, 435
TRANSVERSE PLANE • ANTERIOR APPROACH, 435
Thyroid • Right Lobe • Longitudinal Images, 437
SAGITTAL PLANE • ANTERIOR APPROACH, 437
Thyroid • Left Lobe • Axial Images, 438
TRANSVERSE PLANE • ANTERIOR APPROACH, 438
Thyroid • Left Lobe • Longitudinal Images, 439
SAGITTAL PLANE • ANTERIOR APPROACH, 439
Review Questions, 440
17 Breast Scanning Protocol

Betty Bates Tempkin
Clinical Reasoning, 445
Overview, 446
Anatomy, 446
Physiology, 446
Sonographic Appearance, 446
Normal Variants, 448
Preparation, 448
Patient Prep, 448
Transducer, 448
Patient Position, 448
Patient Position for Breast Lesion Scanning, 448
Patient Position for Whole Breast Scanning, 448
Breast Lesion Survey Steps, 449
Longitudinal Survey, 449
Scanning Plane Determined by Lesion Shape and Lie • Approach
Determined by Lesion Location, 449
Axial Survey, 449
Scanning Plane Determined by Lesion Shape and Lie • Approach
Determined by Lesion Location, 449
Required Images for Breast Lesion, 449
Breast Lesion • Right Breast or Left Breast • Longitudinal Images, 450
Scanning Plane Determined by Lesion Shape and Lie • Approach
Determined by Location, 450
Breast Lesion • Right Breast or Left Breast • Axial Images, 450
Scanning Plane Determined by Lesion Shape and Lie • Approach
Determined by Location, 450
Breast Lesion • Right Breast or Left Breast • Longitudinal and Axial
High and Low Gain Images, 450
Scanning Plane Determined by Lesion Shape and Lie • Approach
Determined by Location, 450
Whole Breast Survey, 451
Whole Breast Survey • Right Breast or Left Breast, 451
Whole Breast Required Images, 451
Whole Breast Images • Right Breast or Left Breast, 451
Review Questions, 452

18 Neonatal Brain Scanning Protocol

Kristin Dykstra Downey; Betty Bates Tempkin
Overview, 456
Cranial Vault Anatomy and Sonographic Appearance, 456
Preparation, 459
Patient Prep, 459
Transducer, 459
Patient Position, 459
Neonatal Brain Survey, 460
Coronal Survey, 460
Coronal Plane • Anterior Fontanelle Approach, 460
Sagittal Survey, 461
Sagittal Plane • Anterior Fontanelle Approach, 461
Neonatal Brain Required Images, 462
  Coronal Images, 462
    CORONAL PLANE • ANTERIOR FONTANELLE APPROACH, 462
  Sagittal Images, 466
    SAGITTAL PLANE • ANTERIOR FONTANELLE APPROACH, 466
Review Questions, 469

PART VI  VASCULAR SCANNING PROTOCOLS

19 Abdominal Doppler and Color Flow Imaging
  Marsha M. Neumyer
Basic Principles, 474
  The Doppler Equation, 474
  General Information, 474
    FREQUENCY RANGE, 474
    DOPPLER GAIN, 476
    MOST FREQUENTLY USED DOPPLER CONTROLS, 477
  Doppler Instrumentation, 477
  Doppler Analysis, 479
    AUDIBLE SOUND, 479
    SPECTRAL ANALYSIS, 480
    COLOR DOPPLER ANALYSIS, 480
  Doppler Pitfalls, 480
    ALIASING, 480
    DOPPLER MIRROR IMAGE, 481
    COLOR IMAGING PITFALLS, 482
  Biologic Effects, 482
Preparation, 483
  Examination Protocol for Abdominal Doppler and Color Flow Imaging, 483
  Patient Prep, 483
  Transducer, 483
  Patient Position, 483
  Arterial Flow Patterns, 483
    EXAMPLES OF ABDOMINAL ARTERIAL FLOW, 484
Mesenteric Arterial Duplex Protocol and Required Images, 487
Renal Arterial Duplex Protocol and Required Images, 491
Abdominal Venous Blood Flow Patterns and Duplex Protocols, 496
  Required Diagnostic Data, 497
Scanning Tips, 498
Gynecological Studies, 498
  Vascular Anatomy, 499
  Blood Flow Patterns, 499
Obstetric Studies, 501
Breast Sonography, 501
  Vascular Anatomy, 501
Scrotal Sonography, 502

20 Cerebrovascular Duplex Scanning Protocol

Marsha M. Neumyer

Overview, 507
Location, 507
Anatomy, 507
Physiology, 508
Sonographic Appearance, 509
Preparation, 509
Patient Prep, 509
Pulsed Doppler Transducers, 510
Patient Position, 510
Cerebrovascular Duplex Survey, 510
Cerebrovascular Duplex Required Images, 519
Data Documentation, 526
Review Questions, 527

21 Peripheral Arterial and Venous Duplex Scanning Protocols

Marsha M. Neumyer

Lower Extremity Arterial Duplex Ultrasonography Overview, 531
Location, 531
Anatomy, 532
Physiology, 533
Sonographic Appearance, 533
Preparation, 533
Patient Prep, 533
Pulsed Doppler Transducers, 533
Patient Position, 533
Lower Extremity Arterial Duplex Survey, 534
Lower Limb Arterial Duplex Required Images, 540
Data Documentation, 551
Using Blood Pressures, 551
Doppler Waveform Morphology, 552
Normal Lower Extremity Arterial Velocities, 552
Classification of Disease Severity Based on Doppler Waveform
Morphology, 553
Lower Extremity Peripheral Venous Duplex Sonography Overview, 556
Anatomy, 556
Normal Sonographic Findings, 558
Preparation, 560
Patient Prep, 560
Transducer, 560
Patient Position, 560
Lower Extremity Venous Duplex Survey, 560
Lower Limb Venous Duplex Required Images, 564
Data Documentation, 570
Normal Examination, 570
Abnormal Examination, 570
Review Questions, 572
PART VII  ECHOCARDIOGRAPHY

22  Adult Echocardiography Scanning Protocol
Maureen E. McDonald
Overview, 578
Location, 578
Anatomy, 578
Physiology, 581
Sonographic Appearance, 582
Preparation, 582
Patient Prep, 582
Patient Position, 582
Transducer, 582
Breathing Techniques, 582
Transducer Orientation, 582
Adult Heart Survey • 2D Examination, 584
Parasternal Views, 584
Apical Views, 586
Subxiphoid Views, 588
Suprasternal View, 589
Adult Heart Required Images, 590
M-Mode Evaluation, 596
Aortic Valve Level, 596
Mitral Valve Level, 597
Left Ventricular Level, 599
Tricuspid and Pulmonic Valves, 600
Doppler Evaluation, 601
Normal Valve Profiles, 601
MITRAL VALVE, 601
TRICUSPID VALVE, 601
AORTIC VALVE, 602
PULMONIC VALVE, 602
LEFT VENTRICULAR OUTFLOW TRACT, 603
Valve Survey, 603
COLOR DOPPLER SURVEY, 603
CONTINUOUS-WAVE DOPPLER SURVEY, 604
PULSED-WAVE DOPPLER SURVEY, 604
Review Questions, 605

23  Pediatric Echocardiography Scanning Protocol
Maureen E. McDonald
Overview, 609
Anatomy and Physiology, 609
Sonographic Appearance, 609
Preparation, 609
Patient Prep, 609
Transducer, 610
Patient Position, 610
Breathing Techniques, 610
Transducer Orientation, 610
Pediatric Heart Survey, 611
Pediatric Heart Required Images, 616
Subcostal Views, 616
Apical Views, 619
Parasternal Views, 620
Suprasternal Notch Views, 623
Required M-Mode Images, 624
Review Questions, 625

Abbreviation Glossary, 627
Answers to Review Questions, 628

APPENDIXES

A Guidelines for Performance of the Abdominal and Retroperitoneal Ultrasound Examination, 632

B Guidelines for Performance of the Scrotal Ultrasound Examination, 635

C Guidelines for Performance of the Antepartum Obstetrical Ultrasound Examination, 637

D Guidelines for Performance of the Ultrasound Examination of the Female Pelvis, 642

E Guidelines for Performance of the Ultrasound Examination of the Prostate (and Surrounding Structures), 645

Index, 647
