DAVIES

Welcome!

Thanks for choosing the Davies CD-ROM Mock Exam for Abdominal Sonography. This powerful learning resource will make a significant difference in your performance on the registry exam.

With this CD you can:

- **Study and learn by selecting Learn Mode**
- **Test yourself by selecting Test Mode**
- **Score yourself by viewing a complete Results Analysis at the end of your test**
- **Focus on image-based questions by selecting Image Library**
- **Earn 15 hours of SDMS-approved CME credit**

To start immediately, choose any of the activities on the right. To learn more about this powerful learning tool from Davies, click any of the following topics:

- **How to use this CD**
- **1-2-3 Step Ultrasound Education & Test Prep**
- **Earn CME credit**
- **The ARDMS exam content outline**
- **System requirements**
- **Legal notices**

9 You are asked to perform a Doppler study on the hepatic veins in the liver. What differentiates the hepatic veins from the portal veins?

A The hepatic veins converge toward the porta hepatis.

B The hepatic veins have brightly echogenic walls.

C The portal veins are largest near the dome of the liver.

D The portal veins are accompanied by branches of the biliary tree and hepatic artery.

E The portal veins normally exhibit a triphasic flow pattern.

RESULTS FOR CURRENT TEST

Date: 2/17/2019
Time: 3:30:58 PM

Your results appear below in three categories:

(1) Overall results.
(2) Results by exam topic.
(3) Results by individual questions.

This analysis also tells you how many questions (if any) you failed to answer and for which questions you changed your first answer. From this page you can also print your results, review wrong answers in Learn Mode, repeat the same test again, return to the Start Page for another activity, or Quit.

OVERALL RESULTS

Total Questions = 60
Total percentage correct = 21.67% / 13 of 60
Target time / actual time used = 60 minutes / .86 minutes
Number of unanswered questions = 0

SUBJECT AREA RESULTS

I. The Liver = 45.45% / 5 of 11 (Unanswered 0)
II. The Biliary Tree = 14.29% / 1 of 7 (Unanswered 0)
III. The Pancreas = 0% / 0 of 4 (Unanswered 0)
IV. The Urinary Tract = 18.18% / 2 of 11 (Unanswered 0)

SUBJECT AREA RESULTS

I. The Liver = 45.45% / 5 of 11 (Unanswered 0)
II. The Biliary Tree = 14.29% / 1 of 7 (Unanswered 0)
III. The Pancreas = 0% / 0 of 4 (Unanswered 0)
IV. The Urinary Tract = 18.18% / 2 of 11 (Unanswered 0)
V. The Scrotum = 100% / 2 of 2 (Unanswered 0)
VI. The Prostate = 0% / 0 of 2 (Unanswered 0)
VII. The Spleen = 0% / 0 of 2 (Unanswered 0)
VIII. The Retroperitoneum = 33.33% / 1 of 3 (Unanswered 0)
IX. The Abdomen = 0% / 0 of 4 (Unanswered 0)
X. The GI Tract = 0% / 0 of 2 (Unanswered 0)
XI. The Neck = 0% / 0 of 1 (Unanswered 0)
XII. Superficial Structures = 0% / 0 of 1 (Unanswered 0)
XIII. Instrumentation = 0% / 0 of 1 (Unanswered 0)
XIV. Image Gallery = 22.22% / 2 of 9 (Unanswered 0)

INDIVIDUAL QUESTION RESULTS

For your convenience, the following question numbers correspond to those in the book version of this mock exam. Use the CD and the book together for best results.

Question ID ASR354 = RIGHT VIII. The Retroperitoneum (3%–7% of ARDMS exam)
Question ID ASR398 = WRONG IX. The Abdominal Vasculature (7%–15% of ARDMS exam)
Question ID ASR166 = WRONG III. The Pancreas (6%–14% of ARDMS exam)
Question ID ASR252 = WRONG IV. The Urinary Tract (16%–24% of ARDMS exam)
Question ID ASR562 = WRONG XIV. Image Gallery
Question ID ASR49 = RIGHT I. The Liver (16%–24% of ARDMS exam)
Question ID ASR77 = RIGHT I. The Liver (16%–24% of ARDMS exam)
